Our 8th grade gave a day of service on Tuesday, April 16th with the Chesapeake Housing Mission. Our students worked hard to build a handicap ramp for a Berlin resident in need. The Chesapeake Housing Mission volunteers taught our students how to use power tools and work together to complete this task. We had 6 wonderful parent volunteers that gave their time to lead and assist our students in this day as well. The completion of this ramp will help this resident get in and out of her house with more ease. We are very proud of our MBS 8th graders for their service, their teamwork, and their kindness to the volunteers, each other and this resident. It was a great day!

Allergy season is upon us! As temperatures begin to warm up, plants will begin blooming and pollen will be in abundance. If your child is one that is regularly affected by seasonal allergies, begin taking steps now to keep them at bay. Eating local honey, taking antihistamines, and flushing eyes and nose with saline are just a few ways to help with those pesky allergies. Collaborate with your child's pediatrician to develop a plan. Remember, seasonal allergies do not typically cause a fever. If your child develops a fever with allergy symptoms, consult with their pediatrician.

Annual Fund: Give to Win! Donate for raffle items. Flyers were sent home before the break with information for our April raffle. Donate to our annual fund for a chance to win some great prizes. Thank you to all our families who have already donated. We have not met our goal of 100% participation. Please prayerfully consider making your donation today! Every donation, no matter the size, makes a difference. We appreciate your support, and your investment in the school.
