Dear MBS Families,

Congratulations on completing the 2019-2020 academic school year. I am proud of each and every one of our students. Their resilience leaves me in awe.

We have had a very busy, but joyful week as the faculty and staff made their way through the states of both Maryland and Delaware to present our graduates with their diplomas and awards. The sense of welcome, community and appreciation were overwhelming and shared by all.

This past Friday, MBS also celebrated the graduation of our kindergarten class. They certainly were joyful and full of heart in their video sharing what they would like to be when they grew up! May God Bless them.

Today and yesterday, we also had our drop off and pick up for supplies and belongings. It was great to see you and we cannot wait until it is time for us to all come back together on September 8, 2020.

I would like to present the eighth-grade recipients of our MBS Awards:

Achievement in Reading..... Katelynn King

Achievement in English Will Martin

Achievement in Writing Mason David

Achievement in Spelling Brooke Delahanty

Achievement in Religion..... Grace Short and Daniel Genga

Achievement in Algebra 1..... Josie Peranteau and Nick Nowakowski

Windon, Danielle.....Academic Achievement Honors

Behornar, Cassidy.....Principal's List Honors

Myers, Ashton.....Principal's List Honors

Strawhecker, Joshua.....Principal's List Honors

Weller, Claudia.....Principal's List Honors

HSA News and Link to Vote for the 2020/2021 HSA

Dear MBS Families,

As the 2019/2020 school year ends, the HSA board members and MBS administration would like to thank you for all you do for our school and students. Your commitment to help us raise funds for MBS and our students is extremely important and we are blessed to be surrounded by our amazing MBS family. The HSA board would not be able to achieve our fundraising efforts without all of you. The old saying goes...*It takes a village!!*

The HSA board would like to recognize our teachers and administration for all their hard work during our school year and especially during these trying times with the COVID-19 pandemic. Thank you for all of your hard work and tremendous efforts in keeping our children educated during these uncertain times. We are blessed with AMAZING teachers!

Since our school year was a little different the past few months, we were unable to honor the 'school zone' auction winners. As we approach the new school year, we intend to put our best efforts forward to schedule and honor the 'school zone' (teacher of the day, principal for a day, etc.) auction items.

It's time to vote on the 2020/2021 MBS HSA board. The link to vote is below. Please take a few minutes to vote for our new HSA board.

Again, thank you for all of your generosity and support you give to MBS and the Home & School Association. Your time, talent and treasure are truly appreciated!!

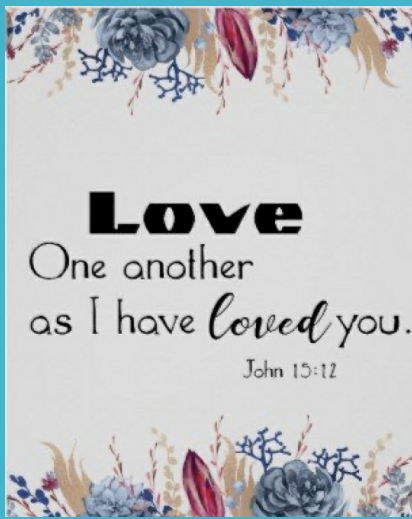

Enjoy your Summer and Stay Safe!

Sincerely,

The Home & School Association

Counseling Corner

We did it!! We made it to our Summer Vacation!! I hope everyone can relax, rest and rejuvenate! It has been a tough year, but we made it through together. I love and miss our MBS family!!

I hope and pray you all stay safe, enjoy your family and friends and keep your hope alive! Share kindness and love one another!

**May God bless you all!
Theresa Gabbard ☐☐**

Dear students and family,

WE DID IT! We survived and thrived in one of the most challenging situations historically, socially and academically. Way to go!

All medical forms needed for next year are on the MBS website. State regulations require health physicals in kindergarten and 4th grade. There are also requirements for immunizations in Kindergarten and 7th grade. Please contact your primary care physician to make sure your child is current and up to date in everything before the first day of school! If you have any questions feel free to email your MBS nurses.

Summer is here and wow are we ready to enjoy the fresh air and sunshine! Remember to wear sunscreen and a hat. Be kind to everyone, say your prayers and may God Bless you all!

**Love,
Mrs. Mumford and Mrs. Carlson**

Protect All the Skin You're In

- ☀️ Skin cancer is the most common cancer in the United States, yet most skin cancers can be prevented.
- ☀️ Every year, there are 63,000 new cases of and 9,000 deaths from melanoma—the deadliest form of skin cancer.

Ultraviolet (UV) exposure is the most common cause of skin cancer. A new CDC study shows that the majority of Americans are not using sunscreen regularly to protect themselves from the sun's harmful UV rays.

In fact, fewer than **15% of men** and fewer than **30% of women** reported using sunscreen regularly on their face and other exposed skin when outside for more than 1 hour.

Many women report that they regularly use sunscreen on their faces but not on other exposed skin.

Choose sun protection strategies that work.

Use broad spectrum sunscreen with SPF 15+ to protect any exposed skin.

Seek shade, especially during midday hours.

Wear a hat, sunglasses and other clothes to protect skin.

Sunscreen works best when used with shade or clothes, and it must be re-applied every two hours and after swimming, sweating, and toweling off.
