*Catholic education would not be possible without the unique partnership between parents and educators to foster a challenging and positive learning environment for the children we are blessed to serve. We are grateful to parents for their support of our teachers and administrators, for their hard work and efforts to make Catholic education a priority for their children. This is a tremendous example of love and support. I am truly thankful we are Companions on the Journey to building communities of faith.*

Next week we celebrate Catholic Schools Week. We have exciting activities and events planned for the students. This is our opportunity to give thanks and honor the gift of a Catholic education. **Click on the symbol for a schedule of events.**
