The above information provides the tuition scales for the 2022-2023 school year. In our effort to keep tuition costs as low as possible, we have reviewed our proposed FY23 budget thoroughly to ensure that all funded items are necessary to the continuance of the excellent programs that our school provides.

I am happy to share that all our teachers and staff will receive an incremental raise, as determined by the Dioceses of Wilmington.

Please know that it is our intention to keep a Catholic School education as affordable as possible for all families. If your family's budget will not sustain the tuition rate, please contact me for information on possible sources of tuition support.

Thank you,  
Trinette Stillman  
Principal
